

Dear sir/madame,

I am applying for the Platform Engineer role, because I believe I have the necessary skills, qualities and experience to carry out the duties to a very high standard.

Having already worked in similar environments, I have the knowledge and experience needed to contribute to the team in the fastest time possible.

A brief overview of the skills, qualities and attributes I possess are as follows:

- An ability to work as part of a team to achieve the company goals and projects;
- An ability to handle projects from initial requirements definition phases to production deployment and monitoring;
- High levels of customer service and care;
- An honest, reliable and disciplined approach to my work, delivering high quality and well-structured code;
- Experience in an environment composed by cloud distributed systems and microservices;
- Experience in working in a fast-paced and continuously changing environment;
- A fast learner who requires little supervision and who taking responsibility for my ongoing professional development;
- A willingness to learn, grow and evolve my career at Castor;
- A willingness to take on all tasks, regardless of their complexity;
- A positive and enthusiastic attitude to my work;

I am available for an interview at short notice and would very much appreciate to demonstrate to you my skills, qualities and experience, and how I can help your business to continually thrive.

Thank you for considering my application.

Yours faithfully,
Marian Alexandru Diaconu
